WELCOME TO THE UNIVERSITY OF LODZ
The University of Lodz:

- Foundation date: **1945**
- Number of students: **32 000**
- Academic staff: **2 214**
- Number of international students: **2100**
- The University of Lodz is one of the biggest and highest ranked universities in Poland.
About city of Lodz:

Lodz, the former textile industry empire, today is a city of modern technologies, a city of culture and grand events. It is a metropolis where a landscape of industrial architecture mixes with silhouettes of the 20th century office buildings, production halls, culture and sports buildings.

- Lodz is situated 125 km away from Warsaw. **Lodz is one of the largest cities in Poland (3rd place)**.
- In 1423 King Władysław Jagiełło granted city rights to the village of Łódź.
- The city's name translated literally means **“a boat”**.

International Programmes

University of Lodz actively participates in many international programmes. Among them are:

According to the national statistics concerning Erasmus+, the University of Lodz holds **1st position in the Staff Mobility** for Teaching Assignments, and **5th in Student Mobility** ranking.
International educational projects

UL actively participates in various international projects that are aimed at improving the quality and increasing the attractiveness of its educational offer. Currently 58 projects under the educational programmes that are co-financed by the European Commission, including the Lifelong Learning Programme (Erasmus, Grundtvig, Leonardo da Vinci and Transversal, Erasmus+, Erasmus Mundus, Culture, Tempus, Jean Monnet and others).

Projects with coordination (started in 2016):

- “Development of CBRN training programme for police officers”,
- “Supporting Integration of Migrants, Asylum Seekers and Refugees”,
- “Support for European Union action in the field of CBRN security managers education”.
International research projects

In the area of the international research projects UL implements 56 projects (including 7 Horizon 2020, 11 projects co-financed by the EU funds and 38 financed within other funds). The University of Lodz is one of the leaders among Polish universities in the number of research projects financed by Horizon 2020.

Research Center

The main role of the Research Center is to initiate and support activities, which have positive impact on university development and internationalization. Center supports academics in choosing the most relevant program, structure their ideas into a project, build an international partnership and apply for a grant.
Student exchange:

UL Students have a possibility to take part in several exchange programmes:

- Erasmus+ (over 700 agreements)
- Erasmus Mundus
- Erasmus + Credit Mobility
- Bilateral agreements (230)
- Compostella Group
- Mizuta Scholarship
- Other

Each year, about 500 students go to foreign countries for student exchange (most of them with a scholarship grant).

On the other hand, the UL receives about 1000 foreign exchange students per year.
It is a new academic project for partner institutions of our University which is addressed to BA and MA students who wish to participate in exchange at our University, free of charge for the period of studies.

In this academic year 2016/2017 – 381 students from Kazakhstan, Ukraine, Russia, China etc. came for exchange.

A participating student is able to:

• Spend a part of degree programme in a foreign country, in an international academic environment
• Discover a different country’s educational system
• Improve foreign (e.g. English) language skills
• Learn customs, history, and traditions of a foreign country
• Make new friends and have an unforgettable experience
The number of international students is growing each year.

In 2016/2017 academic year, the UL is hosting over 2100 students. The number includes the enrollment for full-time (i.e. degree) studies as well as different kinds of one-semester student exchange programmes.

Most of our foreign students come from: Ukraine, Turkey, Belarus, China, Kazakhstan, Russia, Portugal and Spain.
